

Business movers: People starting new jobs in Ireland

New appointees with Teagasc, DP Energy, Sage, Data Edge, LK Shields Solicitors and EDF Renewables Ireland

New roles: (top row, left to right) Jane Kavanagh, Adam Cronin, Avril McArdle; (bottom row) Himanshu Patel, Jill Callanan, John Conaghan.

Patel has been promoted to sales engineer with network and application performance management company Data Edge. He joined as an intern in 2019, and became a pre-sales engineer in 2020. He has also worked in customer service with the International Travel Network, and in sales with Bajaj Allianz Life Insurance. He holds a Master's Degree in Engineering Science in computer system from Riga Technical University, and a degree in Computer Science and Engineering from Mahatma Gandhi Institute of Technical Education & Research Centre. Data Edge provides test equipment and bespoke solutions and services to help optimise customers' applications and infrastructure investment. It has partnerships with Spirent, Microchip, Ciena Blue Planet, Anritsu and CA Broadcom, providing solutions to carrier, enterprise and government customers.
